Rationale for updating Distinction Regulations in 2026

The current regulations for photographic distinctions, last revised in **2016**, are now overdue for an update to better reflect the contemporary landscape of international photography. Over the past decade, several notable developments have taken place:

- The number of salons organized worldwide has increased from 500 to 700, which has led to a corresponding rise in the number of awards distributed, affecting the perceived exclusivity of certain distinctions.
- The global impact of the COVID-19 pandemic prompted FIAP to permit online judging as a standard practice, a shift that has since become widespread and integral to the evaluation process.
- The acceptance rate for distinctions has increased from 25% to 30%, indicating a broader acceptance but also raising questions about maintaining the value and prestige of these recognitions.

Rationale for updating Distinction Regulations in 2026

These factors highlight the necessity for a comprehensive review and revision of the distinction rules in 2026. Updating the regulations will help ensure that they remain relevant, uphold high standards, and continue to promote excellence in photography amidst evolving global practices and opportunities.

Distinction	Acceptances * cumulative	Countries **	Works ***

AFIAP	75 + 50	15 + 10	20 + 10

At this stage (after EFIAP/p), all previously received awards will be reset except for those awards obtained one year before having received the EFIAP/p (date of certificate). Those can be used unless they have already been utilized for the EFIAP/p distinction. Starting from EFIAP/d1 authors are obliged to use new photographs.

Distinctions

- From NFIAP to EFIAP/p :
acceptances are cumulative
(no more “break” after EFIAP)
- Starting with EFIAP/d1 : applicants use new photographs which had not been valorised for previous distinctions; all previously received awards will be reset except for those awards obtained one year before having received the EFIAP/p (date of certificate). Those can be used unless they have already been utilized for the EFIAP/p
- No more minimum number of salons
- No more requirements for print acceptances
(decided by referendum at the beginning of 2025)

! Hint !

Applicants collecting acceptances and awards for their EFIAP/p distinction should only keep the awards relevant to their EFIAP/p distinction. Any awards obtained at least one year prior to the EFIAP/p and not yet used should be preserved for meeting the requirements of the EFIAP/diamond 1 distinction (“not yet used” means : not mentioned on page C of approved EFIAP and EFIAP/p applications).

Distinctions

- Starting from 2026 a photo/work cannot have more than 10 acceptances/awards listed on the application form. Acceptances/awards for salons with patronage numbers earlier than 2026 can have more than 10 acceptances listed.

Example:

Q.: If a photograph “A” already had 9 acceptances before 2026, does that mean it can still receive up to 10 additional acceptances starting from 2026 (for a total of 19)? Or, if the photograph had already reached, for example, 15 acceptances before 2026, can a further 10 still be counted under the new rule?

Traditional
Photographic
FIAP
Distinctions

As of 1st January 2026, once a photograph has reached the limit of 10 acceptances/awards, no further acceptances/awards for that image can be counted, regardless of how many it had before that date.

So if a photo had 9 acceptances before 2026, it still can have 1 not 10.

If a photo had 15 acceptances before 2026, it cannot have more (but the 15, as they have been achieved before 2026, can be accounted for in 2026 and later).

MFIAP

- Minimum requirement for MFIAP is EFIAP/platinum
- No more restriction in the number of times people will apply for MFIAP
- The application process will go through a platform where pictures will be uploaded by the participant

- The Portfolios must have a **theme**. The title should briefly describe the theme and must be in English or French language. See examples of themes in FIAP DOC 047/2025.
- Images and themes submitted for the various Portfolios distinctions must be distinct from one another and not similar. They must have different titles. **Same or similar images cannot be used in different portfolios.**
- Pictures used for successful MFIAP portfolios cannot be used. Other pictures awarded in FIAP salons and used for distinctions (other than Portfolio distinctions) can be used.
- If a portfolio distinction is not accepted, the candidate may reapply for the specific theme that was not approved, during the next submission periods. A minor supplementary fee will apply. After one year of refusal, the initial complete fee must be paid again.
- The **date on the certificate** will reflect the most recent closing date used to finalize the selection.

Q.1: If someone starts with the free NFIAP title, will he need to pay the distinction fee when applying for AFIAP the following year?

A.1: Yes, AFIAP always requires a distinction fee, even if the person previously held NFIAP.

Q.2: Is the counting of acceptances for EFIAP levels (e.g., EFIAP/b) cumulative from AFIAP or NFIAP onwards, or does it restart at each level?

A.2: The counting is cumulative. Acceptances accumulate from AFIAP or NFIAP up to EFIAP/p.

Note:

Applicants must transfer the data from page C of their approved EFIAP application into their most recently approved EFIAP level application, merging the records. They should then add only the new acceptances and awards. A fresh count is required only when applying for the Diamond distinctions

Q.3: If a photograph “A” already had 9 acceptances before 2026, does that mean it can still receive up to 10 additional acceptances starting from 2026 (for a total of 19)? Or, if the photograph had already reached, for example, 15 acceptances before 2026, can a further 10 still be counted under the new rule?

A.3: As of 1st January 2026, once a photograph has reached the limit of 10 acceptances/awards, no further acceptances/awards for that image can be counted, regardless of how many it had before that date.

So if a photo had 9 acceptances before 2026, it still can have 1 not 10.

If a photo had 15 acceptances before 2026, it cannot have more (but the 15, as they have been achieved before 2026, can be accounted for in 2026 and later).

Q.4: Is the table showing the requirements for distinctions of category A (NFIAP – EFIAP/p) cumulative?

A.4: Yes.

Q.5: Are England, Scotland, Wales, and Northern Ireland considered one country or four separate ones?

A.5: They are counted as four separate countries.

Note:

This is due to the fact that these operational members — such as Malaysia Sabah and Malaysia Selangor — joined FIAP many years ago, at a time when no official national operational member existed in their respective countries. Since then, and in accordance with the old statutes, they have retained their status as independent operational members.

Q.6: With the new rules, can an applicant submit for MFIAP one year after achieving EFIAP/p? And in case of refusal, how many times can he reapply?

A.6: Yes, applicants can apply for MFIAP after obtaining EFIAP/p (no need to wait for a year). In case of refusal, they may reapply after one year — there is no limit to the number of attempts.

Q.7: Does the open access to portfolio distinctions allow individuals to bypass their national federation by submitting applications directly?

A.7: In a country with an Operational Member, applications for Portfolio distinctions have to be approved by the the respective FIAP liaison officer. This must happen in the 10 days following the closing date.

If no action is taken by the L.O. during these 10 days, the portfolio is automatically sent to FIAP.

In case of a refusal, a written justification must be provided. This will be reviewed by the FIAP Board.

In countries without an Operational Member, applicants can apply directly.

FIAP DISTINCTIONS
BECOME PART OF IT !

Consult [FIAP DOC 047/2025](#)

Q.8: Is a FIAP Blue Pin relevant when evaluating distinction applications?

A.8: The FIAP Blue Pin is awarded to the best author of a salon, not for a specific photo. It does not count towards distinctions

Q.9: What is the fee charged for a Portfolio submission? What is the supplementary fee charged when the applicant reapplies for a specific theme that was not approved?

A.9:

PFIAP	70 euros
PFIAP/b	70 euros
PFIAP/s	80 euros
PFIAP/g	90 euros
MPFIAP	120 euros
Supplementary fee	30 euros

Q.10: For distinctions of categories A and B, will there be a new form and where can it be downloaded?

A.10: Yes, there will be a new form in October 2025 (for applications starting in 2026). It can be downloaded from fiap.net and from each profile created on myfiap.net.

Q.11: Regarding portfolios, will the diplomas and pins be sent to the organization that approved the application? And if the national federation does not approve it, can an ILFIAP club handle the delivery on behalf of the individual?

A.11: Yes, diplomas and pins of Portfolio distinctions are sent to the Operational Member. ILFIAP clubs are not included in any part of the Portfolio distinction process.

Note:
The regulations clearly state that the federation must always provide a justification for any refusal. If the FIAP Board considers the justification insufficient, further clarification will be requested directly from the Operational Member. Only in the exceptional case where the response is not satisfactory, the FIAP Board may authorize the applicant to proceed independently. In such cases, the diploma would be sent directly to the individual author.
